

Engine Oil**PETRONAS Syntium 3000E 5W-40**

Range: PETRONAS Syntium 3000

Long description: A fully-synthetic oil for high performance engines, suitable for all passenger cars with Gasoline or diesel or CNG engines, fitted with fuel injections and multi valves and turbo chargers; Withstanding high temperature lubricant evaporation loss to stop premature thermal degradation to help preventing engine failure from wear & tear. Superior fuel economy. Longer drain capability. Instant start-up lubrication.
